Established in 2009 in Indonesia by three brothers, the company has evolved into a global force with dual headquarters in Indonesia and China, six flagship stores, and distribution spanning more than 80 countries across North America, South America, Asia Pacific, Oceania, the Middle East, and emerging markets in the USA. Today, FANTECH proudly serves a community of over five million users. The brands iconic "Wings" logo represents its commitment to helping gamers reach their full potential. This philosophy is further reflected in its active involvement in Esports, supporting teams throughout Southeast Asia and individual players around the world. The guiding slogan, Gear Up and Win embodies FANTECHs promise to stand alongside gamers at every stage of their journey. FANTECHs vision extends beyond gamingto enhance the productivity and creativity of the next generation by delivering innovative, accessible, and affordable technology. In line with this vision, FANTECHs mission is built upon three key principles:Creating Adaptive Products Designing solutions inspired by the needs and feedback of the global gaming community.Innovating for Everyone Ensuring the latest technologies and advancements remain accessible to all segments of society.Becoming a Trusted Companion Striving to go beyond products, by building long-term trust and reliability with users worldwide. With a foundation of innovation, quality, and accessibility, FANTECH continues to shape the future of gaming and technologyone user, one community, and one victory at a time. #GEARUPANDWIN HELIOS II Pro includes a scroll wheel with unrivaled tactility, ensuring gamers and pros get maximum performance with even more reliability and well-defined steps in their favorite games.
